- | | |
|--|--------|
| 1. Introductions | Teresa |
| 2. Front of Plant Project – Overview | Bill |
| a. Background | |
| b. Project Concept | |
| c. Hydraulics | |
| d. Status of EIR and Permits | |
| e. Availability of SVCW Funding | |
| 3. Procurement Process and Stages | Teresa |
| a. Why Progressive Design Build | |
| b. RFQ/RFP | |
| c. Stage 1/Stage 2 with Phases | |
| d. Schedule | |
| 4. Key Parts of the RFQ | Bill |
| a. RESCU Success Factors | |
| b. Front of Plant Project Objectives | |
| c. Available Background Information | |
| d. Required elements of SOQ | |
| 5. Estimates, Budgets and Pricing | Teresa |
| a. Budget vs Current Cost Estimate | |
| b. Pricing | |
| 6. Early Focus Areas during Preconstruction Services (Stage 1) | Bill |
| a. RLS Shaft Configuration & Availability | |
| – coordination with Gravity Pipeline | |
| b. Hydraulic Conditions | |
| c. Gravity Pipe Size and Equipment Configuration and Sizing | |
| d. Connection to Existing WWTP | |
| e. Headworks Early Connection and Operation | |
| f. Project Cost and Schedule | |

7. Available Information

Teresa

- a. Current
- b. Future (at RFQ Issuance)
- c. Tour

8. More questions

Teresa
